

## NOR & THE SHIPBUILDING REGISTER

Vessels subject to mandatory registration and registration in the Shipbuilding Register

### NEW REGISTRATION FEES as of 1 July 2008

The Ship Registers have examined existing fees and adjusted them in accordance with new guidelines from the Ministry of Finance.

The new guidelines require the fees to be sufficient to cover the register's actual costs related to the provision of services covered by the fee.

Accordingly, we now have an overall simpler fee policy which also protects the Register's goal to maintain updated and correct registers.

Initial registration	NOK 2 500
